PROJECT NAME & IDEA

PROJECT NAME:

- **EDUVERSE** combines Education + Universe.
- It is a virtual world where students can learn by exploring science, space, and more in VR.

THE IDEA:

- learning platform using Virtual Reality (VR) to deliver immersive, interactive education.
- Students can explore science labs, space, the human body, and world museums as if they are really there.
- Designed for students, teachers, and schools, Eduverse makes learning engaging, memorable, and future-ready.

TARGET AUDIENCE

Students

From elementary to university

Teachers

Who are seeking innovative teaching tools

Educational institutions

that are aiming to modernize and enhance their learning approaches

PROJECT PLAN

WEEK 1-5

27 Jun-25 Jul

Team setup
and
Market research

WEEK 6-10

1 Aug-29 Aug

Project idea,
Name
and plan

WEEK 11-15

5 Sep-3 Oct

Logo design
and
marketing strategy

WEEK 16-20

10 Oct-7 Nov

Project planing
and
Execution

WEEK 21-24

14 Nov-5 Dec

Complete designs
Review
Final presentation
